**Subject:** SCE&G rate increase protest

TO THE PUBLIC SERVICE COMMISSION:

I wish to protest the proposed SCE&G rate hikes.

I think it's unconscionable in view of the homeless and unemployment rates in the state and the rising costs of living in general; the current economic climate, much of which was/is caused by greed; and the salaries and bonuses that SCE&G officials already receive.

A proposed rate increase at this time tightens the screws even more on families with salaries that cannot keep up with the costs of living and makes it appear that SCE&G is jumping on the greed bandwagon that got this country in trouble in the first place.

SCE&G has the ability to position itself as a model public utility by NOT adding insult to the consistent and unrelenting economic injury that already exists.
